August 2009

Dear TJ,

This newsletter will probably jinx us, but I can't believe we haven't been hit yet by the monsoons. As we told you last year, the monsoon season starts on June 15th, and continues through September 30th. That only leaves us a little more than a month for the season, and we have not been hit real hard yet. I can't complain, because the monsoons can keep us from working for up to a week with considerable rainfall.

Last year we gave tips for your landscaping during the monsoon season. To see those tips, refer back to the [July 2008 newsletter](#) which can be found on our website. This year I would like to share some health tips for dealing with the monsoon season. Click the link below to see how you can avoid the flu and other symptoms during the next month or so.

Featured Design

Location: *Val Vista Lakes in Gilbert*

Designers: *TJ Wilcoxson @ Alexon Design; BBQ & Accessories by BBQ Islands, Inc.*

Inspired by a new outdoor kitchen, this project evolved into an entire backyard remodel. This design includes a fire pit &

seat bench, an outdoor kitchen, a custom wrought iron gate, new travertine pool deck & patio, and a custom lighting package that includes lighting fixtures that are the only ones of their kind. With the homeowner's existing large trees and drip system, the project had an immediate "established" feel to it. With the travertine driving the

design, the key elements of the bbq and fire pit were balanced on separate sides of the yard. This really allows for great space for

entertaining. And the lighting at night gives the yard a whole new feel.

If you would like to renovate your yard, please call the office at **480.699.7796**.
